PROFILE SUMMARY

I am a recent completed my graduation in BBA(Computer Application). I have a basic understanding of computers, and software. I am now looking for a good opportunity to start my career, learn new things, and grow professionally.

SKILLS

- HTML, CSS (Basics Web Development)
- Python (Basic)
- MS Office (Word, PowerPoint)
- Operating System (Windows)
- Database Management (MySQL)

ACADEMIC PROJECT

Project Name: Book Recommendation System

Front End: HTML, CSS, JavaScript

Back End: Python, MySQL(database)

Description:

I created a Book Recommendation System as my academic project. The front end was designed using HTML, CSS, and JavaScript to make a user-friendly website. The back end was developed using Python, and the data was stored and managed using MySQL database. This system suggests books to users based on their interests or previous choice. It helps user finds books and its information easily and quickly.
